

November 18, 2021

08:00-09:30	<b>Registration</b>			
09:30-10:00 BIG HALL	<b>Opening of Moscow Cardiology Congress</b> Greetings			
10:00-11:30 BIG HALL	<b>Plenary session</b> <b>Cardiology 2021</b> <b>Chairmen: B. Alekryan, J. Alpert, S. Boytsov, O. Drapkina, E. Golukhova, A. Revishvili, E. Shlyahto, A. Shpektor, E. Vasilieva, P. Widimsky</b>			
11:30-12:00	<b>Coffee-break</b>			
12:00-13:30	<b>BIG HALL</b>	<b>SMALL HALL</b>	<b>CONFERENCE HALL 1</b>	<b>CONFERENCE HALL 2</b>
	Plenary session <b>Imaging in cardiology</b>  <b>Chairmen:</b> V. Sinitsyn, I. Timofeeva	<b>The best way for cardiorenal protection in heart failure and atrial fibrillation treatment</b> <i>Sponsored by Boehringer</i>  <b>Chairman:</b> Z. Kobalava, Y. Lopatin	<b>Back to the future: long-term prognosis of a high ischemic risk patient</b> <i>Sponsored by AstraZeneca</i>  <b>Chairman:</b> O. Barbarash, M. Glezer	<b>Clinical scenarios in cardiology practice: different patients - one solution</b> <i>Sponsored by Bayer</i>  <b>Chairman:</b> D. Andreev
13:30-14:30	<b>Coffee-break</b> <b>Lipidology 21/21 M. Ezhov Lunch-symposium Amgen</b>			
14:30-16:00	<b>BIG HALL</b>	<b>SMALL HALL</b>	<b>CONFERENCE HALL 1</b>	<b>CONFERENCE HALL 2</b>
	Plenary session <b>Invasive cardiology: from theory to clinical cases</b>  <b>Chairmen:</b> B. Alekryan, D. Skrypnik	<b>Advanced echocardiography in different clinical situations</b>  <b>Chairmen:</b> M. Alehin, C. Fiore	<b>Is diabetes mellitus a cardiological disease?</b> <i>Sponsored by Novonordisk</i>  <b>Chairmen:</b> Y. Karpov	<b>Comprehensive approach to the cardiac patient during the pandemic era</b> <i>Sponsored by Sanofi</i> <b>Chairman:</b> O. Ostroumova
16:00-16:30	<b>Coffee-break</b>			
16:30-18:00	Plenary session <b>Minimally invasive cardiac surgery: pro and contra</b>  <b>Chairmen:</b> E. Golukhova, S. Leontyev (Germany), V. Merzlyakov, O. Pidanov, M. Sagirov, L. Sternik	<b>From bench to bedside</b>  <b>Chairmen:</b> M. Lederman, L. Margolis, J. Schmid, E. Vasilieva	<b>Cardio-renal continuum: the place of SGLT-2 inhibitors in the prevention and treatment of chronic heart failure and chronic kidney disease</b> <i>Sponsored by AstraZeneca</i>  <b>Chairman:</b> M. Shestakova	<b>Cardiovascular risks: control and minimization. New opportunities.</b>  <b>Chairman:</b> M. Ezhov

November 19, 2021

8:00-9:30	<b>Registration</b>			
9:30-11:00	<b>BIG HALL</b>	<b>SMALL HALL</b>	<b>CONFERENCE HALL 1</b>	<b>CONFERENCE HALL 2</b>
	Plenary session <b>Chronic heart failure. Novel approaches</b>  <b>Chairmen:</b> S. Villevalde, A. Galyavich, I. Zhirov, Zh. Kobalava	<b>A new era in the treatment of dyslipidemia</b> <i>Sponsored by Novartis</i>  <b>Chairman:</b> A. Lebedeva	<b>From cardiologists to endocrinologists and vice versa</b>  <b>Chairmen:</b> A. Mkrtumyan	<b>CPR: from basic approach to ALV</b> <u>Master class hands on</u> <i>Supported by GE Healthcare and MMK foundation</i> <b>Chairmen:</b> A. Efimov, A. Kalinskaya, A. Prishepov, G. Yudin
				<b>Actual issues of anticoagulation in difficult clinical scenarios</b> <i>Sponsored by Pfizer</i> <b>Online</b> <b>Chairmen:</b> I. Zotova, A. Rozanov
11:00-11:30	<b>Coffee-break</b>			
	<b>BIG HALL</b>	<b>SMALL HALL</b>	<b>CONFERENCE HALL 1</b>	<b>CONFERENCE HALL 2</b>
11:30-13:00	Plenary session <b>Heart rhythm disturbances</b>  <b>Chairmen:</b> A. Revishvilli, M. Orlov, A. Rzaev	<b>What you need to know about a successful TAVI?</b> <i>Sponsored by GE Healthcare</i>  <b>Chairmen:</b> B. Alekyan, V. Sinitsyn	<b>Current trends in antithrombotic therapy in ACS-PCI patients</b> <i>Sponsored by AstraZeneca</i>  <b>Chairman:</b> Y. Karpov D. Skrypnik	<b>Portable US-machines in the emergency ECHO protocol</b> <u>Master class hands on</u> <i>Supported by Philips</i> <b>Chairman:</b> S. Yakovlev
				<b>Novel IT technologies in treatment planning of structural heart disease</b> <u>Master class hands on</u> <i>Supported by Philips</i> <b>Chairman:</b> S. Yakovlev
13:00-13:30	<b>Coffee-break</b>			
	<b>BIG HALL</b>	<b>SMALL HALL</b>	<b>CONFERENCE HALL №1</b>	<b>CONFERENCE HALL №2</b>

<p><b>13:30-15:00</b></p>	<p><b>Cardiogenic shock: state-of-the art</b></p> <p><b>Chairman:</b> A. Shpektor V. Poptsov</p>	<p><b>Atrial fibrillation and stroke. When cardiologists and neurologists come together.</b></p> <p><i>Sponsored by Medtronic</i></p> <p><b>Chairman:</b> D. Skrypnik S. Yanishevsky</p>	<p><b>3D remodeling at different stages of the cardiovascular continuum. How to maintain the structure and function of the heart?</b></p> <p><i>Sponsored by Novartis</i></p> <p><b>Chairman:</b> Y. Orlova</p>	<p><b>Stress echocardiography in everyday cardiologist's practice</b> <u>Mater class hands on</u> <i>Supported by GE Healthcare</i></p> <p><b>Chairman:</b> M. Alehin</p>
<p><b>15:00-15:15</b></p>	<p><b>Coffee-break</b></p>			
<p><b>15:15-16:45</b></p>	<p><b>Coronary heart disease. Current approaches</b></p> <p><b>Chairmen:</b> I. Sergienko, N. Pogosova</p>	<p><b>COVID-19: state of art</b></p> <p><b>Chairmen:</b> E. Bazykin, K. Chumakov, M. Gelfand, M. Lederman, D. Logunov, L. Margolis A. Shpektor E. Vasilieva</p>	<p><b>An integrated approach to planning, treatment and verification of treatment results in the management of challenging cardiac patients</b></p> <p><i>Sponsored by Philips</i></p> <p><b>Chairmen:</b> V. Sinitsyn, D. Skrypnik</p>	<p><b>CVD during the pandemic era</b> <i>Sponsored by Gedeon Richter</i></p> <p><b>Chairman:</b> V. Podzolkov</p>
<p><b>16:45-17:00</b></p>	<p><b>Coffee-break</b></p>			
<p><b>17:00-18:15</b></p>	<p>Plenary session <b>From cardiologists to neurologists and vice versa</b></p> <p><b>Chairman:</b> D. Skrypnik, N. Shamalov</p>	<p><b>“Grey zone” of practical guidelines: search for the decision in case of the limited evidences</b></p> <p><i>Sponsored by Bayer</i></p> <p><b>Chairman:</b> D. Zateyshikov</p>	<p><b>Clinical case contest</b></p>	<p><b>Invasive electrophysiology: prophylaxis, diagnosis and treatment</b></p> <p><i>Sponsored by Cardiomedics</i></p> <p><b>Chairmen:</b> V. Sirovnev A. Tereshenko</p>
<p><b>18:15-18:30</b></p> <p><b>The closure of Moscow Cardiology Congress 2021</b> <b>Graduations</b></p>				

**Moscow Cardiology Congress 2021**  
**Dedicated to the 100<sup>th</sup> anniversary of A.I. Evdokimov Moscow State University of Medicine and Dentistry**  
**November 18, 2021 BIG HALL**

<b>Time</b>	<b>Section</b>	<b>Chairmen</b>	<b>Speakers</b>	<b>Topics</b>
<b>08:00-09:30</b>	<b>Registration</b>			
<b>09:30-10:00</b>	<b>Congress opening</b>			
<b>10:00-11:30</b>	<b>Plenary session Cardiology 2021</b>	B. Alekyan J. Alpert S. Boytsov O. Drapkina E. Golukhova A. Revishvili E. Shlyahito A. Shpektor E. Vasilieva P. Widimsky (Czech Republic)	S. Boytsov	Evolution of the heart failure concepts
			E. Golukhova	Sudden cardiac death
			A. Shpektor	Acute myocardial infarction: what comes next?
			J. Alpert (USA)	20 things you ought to know about cardiovascular diseases and mistakes commonly made in daily clinical practice
<b>11:30-12:00</b>	<b>Coffee-break</b>			
<b>12:00-13:30</b>	<b>Plenary session Imaging in cardiology</b>	V. Sinitsyn I. Timofeeva	D. Neglia (Italy)	Use of cardiac imaging for the management of patients with chronic coronary syndrome. The ESC-EORP EURECA Registry
			V. Sinitsyn	Cardiac CT in the guidelines
			V. Puntman (Germany)	Cardiac MRI in inflammatory cardiomyopathies
			I. Timofeeva (France)	Cardiac CT beyond the guidelines
<b>13:30-14:30</b>	<b>Coffee-break</b>			
<b>14:30-16:00</b>	<b>Plenary session Invasive cardiology: from theory to clinical cases</b>	B. Alekyan D. Skrypnik	D. Skrypnik	Embolic myocardial infarction: a current view
			B. Alekyan	Invasive cardiology of the aorta and branches
			Y. Matchin	Role of intravascular visualization and physiology assessment for enhancement of decision-making in interventional cardiology

			S. Leontyev (Germany)	TAVI: current approach
<b>16:00-16:30</b>	<b>Coffee-break</b>			
<b>16:30-18:00</b>	Plenary session <b>Minimally invasive cardiac surgery: pro and contra</b>	E. Golukhova, S. Leontyev (Germany), V. Merzlyakov, O. Pidanov, M. Sagiroy, L. Sternik (Israel)		

**November 18, 2021 SMALL HALL**

<b>Time</b>	<b>Section</b>	<b>Chairmen</b>	<b>Speakers</b>	<b>Topics</b>
<b>12.00-13.30</b>	<b>The best way for cardiorenal protection in heart failure and atrial fibrillation treatment</b> <i>Sponsored by Boehringer</i>	Z. Kobalava Y. Lopatin	S. Matskeplisvili	Strategy of early reduction of cardiovascular mortality. Focus on high-risk patients.
			A. Linhart (Czech Republic)	SGLT2 inhibitors - the first line heart failure therapy
			Z. Kobalava	Nephroprotection is the cornerstone in the treatment of a comorbid patient with heart failure
<b>13:30-14:30</b>	<b>Coffee-break/ Lipidology 21/21 M. Ezhov. Lunch- symposium Amgen</b>			
<b>14:30-16:00</b>	<b>Advanced echocardiography in different clinical situations</b>	A. Alehin C. Fiore (Italy)	S. Yakovlev	Transthoracic echocardiography and stress echocardiography in valvular disease
			N. Merke (Germany)	Usefulness of 3D echocardiography in mitral valve disease
			C. Fiore (Italy)	Transesophageal echocardiography during endovascular and cardiac surgery
			A. Kostin	Urgent echocardiography in ACS-patients
<b>16:00-16:30</b>	<b>Coffee-break</b>			
<b>16:30-18:15</b>	<b>From bench to bedside</b>	L. Margolis M. Lederman J. Schmid E. Vasilieva	J. Schmid (Austria)	Multi-factorial links between inflammation, cancer and cardiovascular diseases
			L. Margolis (USA)	Extracellular vesicles and viruses
			M. Lederman (USA)	Cardiovascular disease in HIV patients
			A. Lebedeva (Germany)	Cytokines in COVID-19
			A. Komissarov	Dynamics of viral load in the nasopharynx of patients with mild COVID-19
			Q. Chen	Myocardial gene expression signature in end-stage heart failure

November 18, 2021 CONFERENCE HALL 1				
Time	Section	Chairmen	Speakers	Topics
12:00-13:30	<b>Back to the future: long-term prognosis of a high ischemic risk patient</b>  <i>Sponsored by AstraZeneca</i>	O. Barbarash M. Glezer	A. Lebedeva	The patient compliance in the current situation with subsidized provision: is it still relevant?
			M. Glezer	Detection of a high ischemic risk ACS-patient
			Y. Karpov	New possibilities of DAPT in patients undergoing elective PCI
13:30-14:30	<b>Coffee-break</b>			
14:30-16:00	<b>Is diabetes mellitus a cardiological disease?</b> <i>Sponsored by Novonordisk</i>	Y. Karpov	I. Sergienko	Cardiovascular risk management - a new page in the treatment of patients with T2DM
			M. Shamhalova	Cardio-renal approach to the risk management in patients with T2DM
			S. Zyryanov	Practical aspects of the use of GLP-1 agonists from position of clinical pharmacology
			E. Pashkova	Era of semaglutide: yesterday, today and tomorrow
16:00-16:30	<b>Coffee-break</b>			
16:30-18:00	<b>Cardio-renal continuum: the place of SGLT-2 inhibitors in the prevention and treatment of chronic heart failure and chronic kidney disease</b> <i>Sponsored by AstraZeneca</i>	M. Shestakova	Y. Karpov	The development of the cardio-renal continuum
			R. Shakhnovich	DAPA-HF: from theoretical data to practical questions
			M. Shestakova	DAPA-CKD: the change of paradigm in CKD therapy?

**November 18, 2021 CONFERENCE HALL 2**

<b>Time</b>	<b>Section</b>	<b>Chairmen</b>	<b>Speakers</b>	<b>Topics</b>
<b>12:00-13:30</b>	<b>Clinical scenarios in the cardiology practice: different patients - one solution</b> <i>Sponsored by Bayer</i>	D. Andreev	I. Zotova	A patient with coronary artery disease and diabetes mellitus: how to reduce the risk of cardiovascular events
			O. Dzhioeva	Focus on safety: how to choose oral anticoagulant?
			D. Andreev	Patient with coronary artery disease and atrial fibrillation: do not oversimplify
<b>13:30-14:30</b>	<b>Coffee-break</b>			
<b>14:30-16:00</b>	<b>Comprehensive approach to the cardiac patient during the pandemic era</b> <i>Sponsored by Sanofi</i>	O. Ostroumova	O. Ostroumova	Comorbid patient with high blood pressure: how to find the solution?
			R. Shakhnovich	Patient with high CV risk in pandemic era. What should we keep in mind?
			A. Sapina	Intensification of the lipid-lowering therapy in Moscow cardiology practice
<b>16:00-16:30</b>	<b>Coffee-break</b>			
<b>16:30-18:00</b>	<b>Cardiovascular risks: control and minimization. New opportunities.</b> <i>Sponsored by Abbot</i>	M. Ezhov	M. Ezhov	Role of fixed drug combination in treating patients with dyslipidemia
			A. Hadzegova	Current approaches to the CAD treatment

November 19, 2021 BIG HALL

Time	Section	Chairmen	Speakers	Topics
<b>8:00-9:30</b>	<b>Registration</b>			
<b>9:30-11:00</b>	Plenary session <b>Chronic heart failure. Novel approaches</b>	S. Villevalde A. Galyavich I. Zhirov Z. Kobalava	I. Zhirov	Chronic heart failure in patients with chronic kidney disease
			Zh. Kobalava	In-hospital management of heart failure patients
			S. Villevalde	Novel approaches to the heart failure treatment
			A. Galyavich	Out-patient management of heart failure patients
			<b>Discussion</b>	What has changed in heart failure management?
<b>11:00-11:30</b>	<b>Coffee-break</b>			
<b>11:30-13:00</b>	Plenary session <b>Heart rhythm disturbances</b>	A. Revishvilli M. Orlov F. Rzaev	A. Revishvilli	Modern surgical approaches in the treatment of persistent atrial fibrillation
			O. Sapelnikov	Interventional treatment of atrial fibrillation. Achievements and perspectives of cryoballoon ablation
			M. Orlov (USA)	Cardiac resynchronization therapy and stimulation of the conduction system in the treatment of heart failure. What and when is better?
			F. Rzaev	Cardioneuroablation - a new word in the treatment of rhythm and conduction disorders
<b>13:00-13:30</b>	<b>Coffee-break</b>			
<b>13:30-15:00</b>	Plenary session <b>Cardiogenic shock: state-of-the art</b>	A. Shpektor V. Poptsov	D. Pevzner	Monitoring of hemodynamics in cardiogenic shock
			V. Poptsov	Mechanical support for emergency heart transplantation
			P. Savvinova	Mechanical circulatory support in cardiogenic shock

			R. Natanov (Germany)	ECMO-team, organization of shock centers. Experience of Hannover
<b>15:00-15:15</b>		<b>Coffee-break</b>		
<b>15:15-16:45</b>	Plenary session <b>Coronary artery disease. Current approaches</b>	N. Pogosova I. Sergienko	K. Huber (Austria)	Anticoagulant treatment in CAD. What's new?
			V. Manchurov	Indications for surgical intervention in chronic coronary syndrome
			I. Sergienko	Hypolipidemic therapy in CAD patients
			N. Pogosova	Secondary CAD prophylaxis
<b>16:45-17:00</b>		<b>Coffee-break</b>		
<b>17:00-18:15</b>	Plenary session <b>From cardiologists to neurologists and vice versa</b>	D. Skrypnik N. Shamalov	D. Skrypnik	How should we deal with stroke in the cardiology department?
			N. Shamalov, K. Anisimov	What does a cardiologist need to know about a stroke?
			J. Kovac (UK)	Endovascular techniques for the prevention of embolic strokes
			A. Gutsaluk	Clinical examples of thrombectomy in patients with cardiac embolism at the cerebral arteries

November 19, 2021 SMALL HALL				
Time	Section	Chairmen	Speakers	Topics
09:30-11:00	<b>A new era in the treatment of dyslipidemia</b> <i>Sponsored by Novartis</i>	A. Lebedeva	Y. Karpov	Why are we not able to achieve the target LDL cholesterol levels in all cardiac patients?
			I. Sergienko	Principles of dyslipidemia management
			A. Lebedeva	Personalized therapy is the future reality of the dyslipidemia treatment. Results of the ORION study group.
11:00-11:30	<b>Coffee-break</b>			
11:30-13:00	<b>What you need to know about a successful TAVI?</b> <i>Sponsored by GE</i>	B. Alekyan V. Sinitsyn	B. Alekyan	Introduction
			I. Timofeeva (France)	Cardiovascular imaging in aortic stenosis as the key to success before TAVI
			I. Botvin	Ultrasound guidance for TAVI
			E. Schloido	TAVI procedure – the present and the future
			J. Leipsic (Canada)	CTA value in TAVI results assessment
			V. Sinitsyn	Closing
13:00-13:30	<b>Coffee-break</b>			
13:30-15:00	<b>Atrial fibrillation and stroke. When cardiologists and neurologists come together.</b> <i>Sponsored by Medtronic</i>	D. Skrypnik S. Yanishevsky	S. Yanishevsky	Long-term heart rate monitoring is a standard for cryptogenic stroke diagnosis
			D. Skrypnik	Organization of medical care for ischemic stroke patients
			Y. Bogatenkova	The path of a patient with cryptogenic stroke. The goal is to find the cause
			V. Lebedeva	How an implantable cardiac monitor can help patient with cryptogenic stroke
15:00-15:15	<b>Coffee-break</b>			
15:15-16:45	<b>COVID-19: state-of-the-art. Round table.</b>	E. Bazykin E. Vasilieva M. Gelfand M. Lederman D. Logunov L. Margolis K. Chumakov A. Shpektor	M. Lederman (USA)	Targeting host immunity to treat disease: it's not easy to fool with mother nature
			E. Bazykin	Genomic epidemiology of coronavirus
			D. Logunov	COVID-19 vaccination: present and future
			K. Chumakov	COVID-19, vaccines, pandemic lessons
			E. Vasilieva	What immunity is enough?

			All participants	Discussion
<b>16:45-17:00</b>		<b>Coffee-break</b>		
<b>17:00-18:15</b>	<b>“Grey zone” of practical guidelines: search for the decision in case of the limited evidences</b> <i>Sponsored by Bayer</i>	D. Zateyshikov	D. Zateyshikov	Describe the COVID-19 patient that needs the VTE prophylaxis after the hospital discharge
			O. Dzhioeva	Anticoagulant treatment of the atrial fibrillation in hemodialysis patients
			I. Yavelov	Anticoagulant treatment of the atrial fibrillation and biological prosthetic valves

<b>November 19, 2021 CONFERENCE HALL 1</b>				
<b>Time</b>	<b>Section</b>	<b>Chairmen</b>	<b>Speakers</b>	<b>Topics</b>
<b>09:30-11:00</b>	<b>From cardiologists to endocrinologists and vice versa</b>	A. Mkrtumyan M. Shestakova	E. Biryukova	Cardiological masks of thyroid diseases
			A. Mkrtumyan	Brain and eating behavior. Metabolic syndrome
			N. Chernikova	Urgent conditions in diabetology
<b>11:00-11:30</b>	<b>Coffee-break</b>			
<b>11:30-13:00</b>	<b>Current trends in antithrombotic therapy in ACS-PCI patients</b>  <i>Sponsored by AstraZeneca</i>	Y. Karpov D. Skrypnik	K. Huber (Austria)	State-of-the-art in the ischemic & bleeding risk assessment in ACS-PCI patients
			A. Komarov	Current approaches to minimize bleeding risk in PCI patients
			R. Shakhnovich	Long-term management to address ischemic risks after PCI
<b>13:00-13:30</b>	<b>Coffee-break</b>			
<b>13:30-15:00</b>	<b>3D remodeling at different stages of the cardiovascular continuum. How to maintain the structure and function of the heart?</b>  <i>Sponsored by Novartis</i>	Y. Orlova	Y. Orlova	Natriuretic peptides and their role in the pathogenesis of hypertension and chronic heart failure: from pathophysiology to pathogenetic therapy
			O. Ostroumova	New possibilities of hypertension therapy to prevent remodeling
			A. Kalinskaya	ARNI in patients with chronic heart failure - why the sooner the better?
<b>15:00-15:15</b>	<b>Coffee-break</b>			
<b>15:15-16:45</b>	<b>An integrated approach to planning, treatment and verification of</b>	V. Sinitsyn D. Skrypnik	I. Rychina	CT-angiography in planning cardiac surgery and endovascular interventions - a creative approach

	<b>treatment results in the management of complex cardiac patients</b> <i>Sponsored by Philips</i>		M. Makeev	New technologies in echocardiography: the use in planning and performing endovascular interventions
			E. Onorato (Italy)	Hybrid imaging (ultrasound + angiography) for transcatheter closure of paraprosthetic mitral valve fistula
			B. Patel (UK)	New imaging techniques to perform ultra-low contrast PCI
			S. Aleksandrova	Safety of MRI after cardiac surgery
<b>16:45-17:00</b>	<b>Coffee-break</b>			
<b>17:00-18:15</b>	<b>Clinical case contest</b>			

November 19, 2021 CONFERENCE HALL 2				
Time	Section	Chairmen	Speakers	Topics
<b>09:30-11:00</b>	<b>CPR: from basic approach to ALV</b> <b>Master class</b> <i>Supported by GE Healthcare and MMK foundation</i>	A. Efimov A. Kalinskaya A. Prishepov G. Yudin		Hands on
	<b>Actual issues of anticoagulation in difficult clinical scenarios</b>  <i>Sponsored by Pfizer Online</i>	I. Zotova A. Rozanov	A. Rozanov	Antithrombotic therapy in elderly patients with atrial fibrillation
			I. Zotova	Anticoagulation in polymorbid patients with atrial fibrillation in the pandemic era: old problems and new challenges.
<b>11:00-11:30</b>	<b>Coffee-break</b>			
<b>11:30-13:00</b>	<b>1.Portable US-machines in the emergency ECHO protocol</b>  <b>2.Novel IT technologies in treatment planning of</b>	S. Yakovlev		Hands on

	<b>structural heart disease</b> <b><u>Master classes</u></b> <i>Supported by Philips</i>			
<b>13:00-13:30</b>	<b>Coffee-break</b>			
<b>13:30-15:00</b>	<b>Stress echocardiography in everyday cardiologist's practice</b> <b><u>Mater class</u></b> <i>Supported by GE Healthcare</i>	M. Alehin		Hands on
<b>15:00-15:15</b>	<b>Coffee-break</b>			
<b>15:15-16:45</b>	<b>CVD during the pandemic era</b> <i>Sponsored by Gedeon Richter</i>	V. Podzolkov	V. Podzolkov	Multifaceted comorbidity: the course of the disease and treatment algorithms. Personified approach to the treatment of patients with risk factors
<b>17:00-18:10</b>			A. Bragina	Post-COVID syndrome and tachycardia: theoretical base and treatment approaches
			A. Tarzimanova	New opportunities to treat a post- COVID syndrome: cardiologist's view
			V. Sirovnev	Invasive treatment of arrhythmias: availability and effectiveness
	<b>Invasive electrophysiology: prophylaxis, diagnosis and treatment</b> <i>Sponsored by Cardiomedics</i>	V. Sirovnev A. Tereshenko	A. Tereshenko	LA occlusion – method of stroke prophylaxis in case of atrial fibrillation
